# Therapy

## What is Therapy and what is available at TKC?

- Therapy is the medical treatment of an impairment, injury, disease or disorder
- Therapy services are available at The Kidz Club through Associates in Pediatric Therapy
  - \*Occupational Therapy
    - ◇Treats physical, sensory or cognitive disabilities to assist one to be as independent as possible
  - \*Physical Therapy
    - ◇Treats movement issues that limit daily activities
  - \*Speech Therapy
    - ◇Treats issues with language or feeding skills
- Each child is screened for therapy as soon as an opening is available
- Initial Evaluation by a therapist includes the parent/guardian
- 

## Teamwork and communication help kids reach their full potential!

- TKC and your therapists work as a team to increase a child's ability to reach their full potential
  - \*TKC will work with your child to achieve therapy goals
- Communicate with your child's therapist
- Attendance is important
  - \*If your child will be absent, let the office know so that information can be relayed to your child's therapist
  - \*If your phone number or address changes, please let us know as soon as possible
- Progress happens at home
  - \*Make sure you are working at home with your child
  - \*Home Exercise Program Forms will be sent home with your child after therapy sessions
